

In the HISTORY OF INDUSTRY area, we are introducing 3 key industries in Chiba prefecture. These wall decorations express 3 key industries. Can you guess what the 3 key industries are with looking at these objects? From the right, with the design of lighting, it expresses Electric Power Industry. The center is the design of an oil tank which is seen from the top. It stands for Petroleum Industry. And the very left, it's the design of fluid fire and iron or a blast furnace. It stands for Iron and Steel Industry. Please move forward and you will see a map of CHIBA and a screen. It will introduce you the history and the future of Chiba Industry. #4 will be in front of the panels ahead.
